TO: All Law Enforcement Agencies

FROM: Maureen Johnson, Chief  
Division of Motorist Services  
Bureau of Records

SUBJECT: Agency Audits

As you know, the Department of Highway Safety and Motor Vehicles has completed the New DAVID rollout and the old DAVID, DAVE, IRIS systems will cease operation in June 2014. According to the agency Memorandum of Understanding (MOU) all access to the Driver Information must be monitored on an on-going basis by each agency. In addition, the agency must complete an annual audit to ensure proper and authorized use and dissemination. To remain compliant with your MOU it is recommended that all POCs conduct a final audit in the old DAVID system as soon as possible. When the old DAVID system is shut down you will no longer be able to access these audits for your agency. You will only have access to New DAVID audits.

If there is an investigation or a specific need to run an audit on a specific user from Old DAVID you may continue to email these requests to [DAVIDAuditRequest@flhsmv.gov](mailto:DAVIDAuditRequest@flhsmv.gov) and they will provide you the requested audits.

Please make any necessary arrangements needed in your agency to facilitate the audit process to ensure a smooth and successful transition. Should you have any questions, please contact your agency POC with any questions or concerns.

We trust this information will assist you.
