

F O R E W A R D

A mandate for the collection and storing of information regarding traffic enforcement, traffic case adjudication and related subjects has been set down by the Florida Legislature under chapters 316, 318, and 322 of the Florida Statutes. Additionally, the Department of Highway Safety and Motor Vehicles is held responsible by these statutes for the administration of uniform reporting requirements.

The collection and storage of this information is made possible by the cooperation of Law Enforcement Agencies, Courts, and Court Clerks. The driver history records and related statistical information used by the Division of Driver Licenses, often-times returned in summary form to these agencies, are only as accurate and complete as the original reporting.

The Department of Highway Safety and Motor Vehicles, Division of Driver Licenses, receives and processes millions of documents from Law Enforcement Agencies and Court Clerks annually. This activity is made possible only through cooperative efforts to provide reliable reports.

The dynamics of this venture preclude a perfect product; therefore we will continue to provide changes to this manual when necessary. We welcome your suggestions for changes in the manual or in policy guidelines when conditions or problems merit such actions.

This manual is to serve as a guideline in reporting requirements, and as a training aid for all agencies and courts to orient new employees to the Uniform Traffic Citation Program in conjunction with the Traffic Citation Accounting Transmission System (TCATS) manual. * **Contact the Senior Liaison Officer assigned to your county (refer to Appendix “D”) for training or questions on this manual.**

SECTION: 1	SUBJECT: TRAFFIC CITATION AUTHORITY Florida Statute 316.650	PAGE: 1 OF 3
----------------------	--	------------------------

316.650 Traffic Citations

(1)(a) The department shall prepare and supply to every traffic enforcement agency in this state an appropriate form traffic citation that contains a notice to appear, is issued in prenumbered books, meets the requirements of this chapter or any laws of this state regulating traffic, and is consistent with the state traffic court rules and the procedures established by the department. The form shall include a box that is to be checked by the law enforcement officer when the officer believes that the traffic violation or crash was due to aggressive careless driving as defined in s. [316.1923](#). The form shall also include a box that is to be checked by the law enforcement officer when the officer writes a uniform traffic citation for a violation of s. 316.074(1) or s. 316.075(1)(c)1. as a result of the driver failing to stop at a traffic signal.

(b) The department shall prepare, and supply to every traffic enforcement agency in the state, an appropriate affidavit-of-compliance form that shall be issued along with the form traffic citation for any violation of s. [316.610](#) and that indicates the specific defect needing to be corrected. However, such affidavit of compliance shall not be issued in the case of a violation of s. [316.610](#) by a commercial motor vehicle as defined in s. [316.003](#)(66). Such affidavit-of-compliance form shall be distributed in the same manner and to the same parties as is the form traffic citation.

(c) Notwithstanding paragraphs (a) and (b), a traffic enforcement agency may produce uniform traffic citations by electronic means. Such citations must be consistent with the state traffic court rules and the procedures established by the department and must be appropriately numbered and inventoried. Affidavit-of-compliance forms may also be produced by electronic means.

(d) The department must distribute to every traffic enforcement agency and to any others who request it, a traffic infraction reference guide describing the class of the traffic infraction, the penalty for the infraction, the points to be assessed on a driver's record, and any other information necessary to describe a violation and the penalties therefore.

(2) Courts, enforcement agencies, and the department are jointly responsible to account for all uniform traffic citations in accordance with rules and procedures promulgated by the department.

----------------------	--	------------------------

(3)(a) Except for a traffic citation issued pursuant to s. [316.1001](#), each traffic enforcement officer, upon issuing a traffic citation to an alleged violator of any provision of the motor vehicle laws of this state or of any traffic ordinance of any municipality or town, shall deposit the original traffic citation or, in the case of a traffic enforcement agency that has an automated citation issuance system, the chief administrative officer shall provide by an electronic transmission a replica of the citation data to a court having jurisdiction over the alleged offense or with its traffic violations bureau within 5 days after issuance to the violator.

(b) If a traffic citation is issued pursuant to s. [316.1001](#), a traffic enforcement officer may deposit the original traffic citation or, in the case of a traffic enforcement agency that has an automated citation system, may provide by an electronic transmission a replica of the citation data to a court having jurisdiction over the alleged offense or with its traffic violations bureau within 45 days after the date of issuance of the citation to the violator. If the person cited for the violation of s. 316.1001 makes the election provided by s. 318.12(12) and pays the \$25 fine, or such other amount as imposed by the governmental entity owning the applicable toll facility, plus the amount of the unpaid toll that is shown on the traffic citation directly to the governmental entity that issued the citation, or on whose behalf the citation was issued, in accordance with s. 318.14(12), the traffic citation will not be submitted to the court, the disposition will be reported to the department by the governmental entity that issued the citation, or on whose behalf the citation was issued, and no points will be assessed against the person's driver's license.

(4) The chief administrative officer of every traffic enforcement agency shall require the return to him or her the officer-agency copy of every traffic citation issued by an officer under the chief administrative officer's supervision to an alleged violator of any traffic law or ordinance and all copies of every traffic citation that has been spoiled or upon which any entry has been made and not issued to an alleged violator. In the case of a traffic enforcement agency that has an automated citation issuance system, the chief administrative officer shall require the return of all electronic traffic citation records.

(5) Upon the deposit of the original traffic citation or upon an electronic transmission of a replica of citation data of the traffic citation with respect to traffic enforcement agencies that have an automated citation issuance system with a court having jurisdiction over the alleged offense or with its traffic violations bureau, the original citation, the electronic citation containing a replica of citation data, or a copy of such traffic citation may be disposed of only by trial in the court or other official action by a judge of the court, including forfeiture of the bail, or by the deposit of sufficient bail with, or payment of a fine to, the traffic violations bureau by the person to whom such traffic citation has been issued by the traffic enforcement officer.

(6) The chief administrative officer shall transmit, on a form approved by the department, within 5 days after submission of the original, groups of issued citations and transmittal data to the court. Batches of electronic citations containing a replica of citation data may be transmitted to the court in an electronic fashion, in a format prescribed by the department within 5 days after issuance to the violator.

(7) The chief administrative officer shall also maintain or cause to be maintained in connection with every traffic citation issued by an officer under his or her supervision a record of the disposition of the charge by the court or its traffic violations bureau in which the original or copy of the traffic citation or electronic citation was deposited.

(8) It is unlawful and official misconduct for any traffic enforcement officer or other officer or public employee to dispose of a traffic citation or copies thereof or of the record of the issuance of the same in a manner other than as required herein.

(9) Such citations shall not be admissible evidence in any trial, except when used as evidence of falsification, forgery, uttering, fraud, or perjury, or when used as physical evidence resulting from a forensic examination of the citation.

(10) If a uniform traffic citation has not been issued with respect to a criminal traffic offense, or with respect to an offense that requires mandatory revocation of the driver's license or driving privilege pursuant to s. [322.26](#) upon conviction of such offense, and the prosecution is by affidavit, information, or indictment, the prosecutor shall direct the arresting officer to prepare a citation. In the absence of an arresting officer, the prosecutor shall prepare the citation. For the purpose of this subsection, the term "arresting officer" means the law enforcement officer who apprehended or took into custody the alleged offender.

¹(11) Driver information contained in a uniform traffic citation, which includes but is not limited to, the accused person's name and address, shall not be used for commercial solicitation purposes. However, the use of such driver information contained in a uniform traffic citation shall not be considered a commercial purpose when used for publication in a newspaper or other news periodical, when used for broadcast by radio or television, or when used to inform a person of the availability of driver safety training.

New DHSMV Policy for Clarification:

- 1) Citations are now printed in triplet, not quadruplicate.
- 2) Only the original traffic citation goes to the court, no other copy is needed.
- 3) The Department record copy (blue) of the traffic citation is no longer included in the Uniform Traffic Citation. However, voided citations must still be mailed to DHSMV. Should voided citations not be able to be retrieved, a letter may be

mailed to the Department on agency letterhead requesting certain citation numbers be voided.

- 4) Traffic infraction reference guide is the DHSMV Appendix C.

SECTION: 2	SUBJECT: UNIFORM TRAFFIC CITATION DESCRIPTION	PAGE: 1 OF 2
----------------------	--	------------------------

1. DESCRIPTION OF THE UNIFORM TRAFFIC CITATION

The form is designed in three (3) parts with preprinted numbers and color coded for ease of identification. Each part serves distinctively different purposes. The overall size of the form is 4 ¼ inches by 8 ½ inches, printed in black and red ink, on precarboned paper. (See Appendix “E” for illustration of parts.) **Electronic citations (E-citations) may vary from this description. Law enforcement agencies that wish to use E-citations must use an approved vendor. Although vendor’s formats may vary from the above description, variations are closely scrutinized and must be approved by the Department.**

In general, the E-citation should be uniform and there are certain things that should not deviate from the current paper format. Data field placement, names and order should be uniform on all citations and the narrative on the citations must not differ. Past variances that have been approved include that E-citations may be printed on an 8 ½ x 11 form; specific violations may print instead of the standard list of violation choices; and smaller forms may be approved for use for motorcycle officers’ use.

No advertisements on the front or back of the form may be used on an E-Citation. For a description of the E-citation approval process, please click [here](#).

a) Part One (White) – COMPLAINT – RETAINED BY COURT.

This part is designed to serve as a sufficient complaint for both civil and criminal cases, and is used by judges and Clerks of Court to indicate court action taken on the reverse side of the form.

b) Part Two (Yellow) – SUMMONS – VIOLATOR’S COPY.

This part is reserved for the traffic offender. One use of the reverse side is to notify individuals charged with traffic infractions (**not requiring a court appearance**) regarding the options available to them when responding to the violation. **Pertaining to E-citations, it is at the discretion of the individual law enforcement agency to determine the type of paper used. No advertisement from individuals and organizations that could affect the outcome of the citation is permitted.**

c) Part Three (Pink) – OFFICER COPY.

This part is reserved for the officer/agency to retain for accountability purposes, to maintain record of court’s action and for officers to make notes to be used for testifying in court.

2. DESCRIPTION OF THE PAPER UNIFORM TRAFFIC CITATION BOOK

- a. Each book of citations contains 25 sets of Uniform Traffic Citations with two

officer assignment receipts. The book assignment receipts have the beginning and ending numbers pre-printed. (See Appendix "E" for illustration.)

- b. The citation number is 4 numerical digits with three alpha characters separated from the numeric by a dash. The check digit is a number or letter to the far right of the citation number. **This is not to be considered as part of the citation number.** The check digit is used to verify the citation number when it is key punched or entered into a computer system. This is done by a formula (See Example 2-A) and prevents incorrect citation numbers from being entered into the system.

2-A MOD 1 CHECK DIGIT FOR TRIPLE ALPHA CITATIONS

Weighted Modulus 11 – 16 System

Weighting Factor starting from the digit on the right-hand side is 654321654321.

The following example shows the method of calculating to arrive at a check digit.

Example: Consecutive Number 2 4 8 1 A A N multiplied by Weighting Factor = products.

	(A)	(A)	(N)							
Consecutive Number	2	4	8	1	0	1	0	1	1	4
Weighting Factor	<u>4</u>	<u>3</u>	<u>2</u>	<u>1</u>	<u>6</u>	<u>5</u>	<u>4</u>	<u>3</u>	<u>2</u>	<u>1</u>
Products	8	12	16	1	0	5	0	3	2	4
Add Products	8 + 12 + 16 + 1 + 0 + 5 + 0 + 3 + 2 + 4 =									
Total Product	51									

D. R. SYSTEM

Divide 51 (Total Product) by 11 and the remainder 7 is the check digit, referred to as DR (Divide Remainder) system.

Consecutive number with the check digit is 2481AAN 7

If remainder equals 10 or zero then check digit is “X”.

Alpha character conversion:

A = 01	H = 08	O = 15	V = 22
B = 02	I = 09	P = 16	W = 23
C = 03	J = 10	Q = 17	X = 24
D = 04	K = 11	R = 18	Y = 25
E = 05	L = 12	S = 19	Z = 26
F = 06	M = 13	T = 20	
G = 07	N = 14	U = 21

1. ASSIGNMENT TO AGENCIES

- a. Under the direction of the Bureau of Records, a contractor (successful bidder) is responsible for the printing, warehousing and shipping of uniform traffic citation (UTC) books to all law enforcement agencies. Each agency is shipped an annual supply of citations. Agencies that need additional citations should contact the DHSMV. Emails are preferred and should be sent to CourtAssist@flhsmv.gov.
- b. Each law enforcement agency's shipment includes a UTC invoice and receipt form (refer to the illustration on page four). This invoice and receipt is designed to indicate the UTC series numbers and the total number of books shipped.
 1. Upon receipt of shipment, the receiving officer/clerk shall examine the contents of the shipment immediately and shall contact the Bureau of Records (address and phone number below) to resolve any discrepancy.
 2. Missing numbers should be noted on the invoice and receipt form under "Remarks". Enter the date received and print the name of receiving officer/clerk in the space provided. (See illustration on page four.)
 3. Return form to the address below.

- d. Any books damaged beyond use during shipment should be listed, from beginning number to ending number, on the invoice form contained in the carton of citations and returned to the Bureau of Records. In the space for "Remarks" on the invoice form, print or type, "Damaged in Shipment".
- e. If the agency later discovers that citations are missing or mutilated, the Bureau of Records in Tallahassee shall be notified **IMMEDIATELY**, in writing, listing the number and alphabetic series of the missing or mutilated citation(s). These citation(s) will be voided from the agency's inventory record in Tallahassee. The mutilated citations must be returned to the Bureau of Records in Tallahassee (See page one of this section for shipping address.)

2. **AGENCY ASSIGNMENT TO OFFICER**

- a. In addition to the responsibility placed on the DHSMV for keeping accurate records, each law enforcement agency is also responsible for keeping records of all citations supplied to them and all citations expended by them. There are two receipts in the front of each traffic citation book. (See Appendix "E page one). Each agency may develop their own procedures for assigning citations to individual officers and may use these receipts to assist with internal control and record keeping. Upon receipt of each book, the officer shall:

inspect the book to insure that citations are in correct numeric sequence and that each book contains 25 sets of citations, and are the same as those listed on the officer's receipt.

IMPORTANT NOTE:

- b. **Under no circumstances is it permissible for one law enforcement agency to transfer citations to another law enforcement agency unless authorized by the Bureau of Records in Tallahassee.** Each citation is recorded in the DHSMV. inventory files to the agency of which it was issued.
- c. Upon resignation or termination, an officer's citation book(s) shall be surrendered to his/her immediate supervisor. All **FULL & PARTIAL** books shall be **RE-ASSIGNED** to another officer within the same arresting agency.
- d. Electronic citations (e-citations) that are assigned to an officer who is/has retired, resigned or been terminated should be re-assigned to other officers at the same agency or troop.

STATE OF FLORIDA
Department of Highway Safety and Motor Vehicles

SECTION: 3	SUBJECT: UNIFORM TRAFFIC CITATION SUPPLY AND DISTRIBUTION	PAGE: 3 OF 4
----------------------	--	------------------------

- e. Agencies must have complete records to show when an inventory of citations was received, citations in inventory, and the date citations were transmitted to the Clerk of Courts.
- f. If an officer needs to void a citation, **all** copies must be in the officer's possession and marked **VOID** with a brief explanation and the officer's initials. **Only the arresting officer may void the citation.** Forward a copy to DHSMV (Mail Stop 93) for accountability. A citation **CANNOT** be voided once it is issued to an alleged violator. Remember, it is unlawful and official misconduct for an officer to dispose of a citation other than as required by 316.650 Florida Statutes.
- g. Periodic audits will be made by the Bureau of Records' Senior Liaison Officers for accountability purposes pursuant to 316.650 (2) - (8), Florida Statutes. Agencies will be audited every three to four years, unless audits are requested more frequently or the Department suspects additional audits are necessary.

3. AGENCY ASSIGNMENTS TO CLERK OF COURT AND STATE ATTORNEY

- a. Pursuant to F.S. 316.650(10), Assistant State Attorneys must issue traffic citations under certain circumstances.
- b. The Bureau of Records will issue traffic citations to the Clerk of Court and Assistant State Attorney when requested. The Clerk's Office and State Attorney's Office shall sign the officer's receipt and be accountable for the citations to the Bureau of Records in the same manner as law enforcement agencies.

4. INACTIVE LAW ENFORCEMENT AGENCIES

If a law enforcement agency ceases to function, all unused citation books must be audited and collected by the Bureau of Records' Senior Liaison Officer. (Refer to Appendix "D".)

SECTION: 4-A	SUBJECT: UNIFORM TRAFFIC CITATION PROCEDURES FOR COMPLETION	PAGE: 1 OF 7
------------------------	--	------------------------

1. COMPLETION OF UNIFORM TRAFFIC CITATION

Make sure that a hard divider is used between the sets (three copies) when completing the citation. A ball point pen should be used to insure that the information is legible on all three copies. **(Print all information in black ink).**

2. STEP-BY-STEP PROCEDURES

- a. **County** – Print the complete name of the county in which the offense occurred and enter the two digit county code from Appendix “A”. This block is important and must be filled in even though the offense may have occurred inside the incorporated limits of a city.

NOTE: After the first entry is written, check the last page (pink copy) to make sure all copies are legible. If all copies are not legible, trace over the citation. This takes only a few seconds and in many instances saves the officer and Clerk of Court personnel considerable time in transmitting an unreadable copy.

- b. **City** – Enter only if violation occurred within city limits.
- c. **Agency** – All Police Departments print the name of your agency above the word “Agency” and “X” the small box “P.D.” (Police Department). In addition, enter the two digit agency location code from the Appendix “A”, following the name of the agency. All Sheriff’s Offices and Florida Highway Patrol, “X” the small box “S.O.” **OR** “F.H.P”. All other Law Enforcement Agencies print the name of the agency in the block provided above the word “Agency” and “X” the small box “Other”. **Do not abbreviate agency name unless approved by Clerk of Court’s Office.**
- d. **Date of Offense** – Legibly print the first three letters of the day of the week. Enter in 6/8 digit numeric date. **Example: 02-01-07 or 02-01-2007.** Enter the time that the offense occurred (do not use military time). “X” the appropriate box, a.m. or p.m.
- e. **Violator’s Name** – Enter the name of the violator exactly as it appears on the driver license, or identification card, with the first name first, the middle name or initial, then last name. **Example: John Edward Violator or John E. Violator.** In the event the violator does not have a driver license or identification card, enter the **FULL** name. The right thumbprint must be placed on the reverse side of the first copy (Complaint) when the violator does not have a driver license card pursuant to F.S. 322.15(2).

If the violator has an expired license, enter the name as it appears on the expired license. If it is an out-of-state license with the last name first, reverse the order and list the first, middle and last name.

NOTE: If the violator has changed his or her name since the issuance of the license, then enter the new name in the comments section on the citation.

- f. **Street** – Enter the violator’s current address.
Always ask the violator for his/her current address since there may be cases in which the violator changed addresses since the issuance of his/her license. If the address differs from that on the driver license, “X” the box on the citation indicating a change in address. If the person does not have a drivers license or identification card and are transient or the address is unknown, enter “123 Anywhere Street.”
- g. **City-State-Zip Code** – Enter the city (**do not abbreviate**) and state in which the violator resides. Use the proper two-letter abbreviation for the state. (See Appendix “A”, page one.) Enter zip code. If the person does not have a driver license or identification card and are transient or the city is unknown, enter “Anywhere” as city.
- h. **Telephone Number** – Enter the telephone number where the violator may be contacted in case additional information is required.
- i. **Date of Birth** – Enter date of birth of violator by month, day and year using numbers only, (six digits). **Example: 09-15-52.**
- j. **Race** – Enter race as “W” (White), “B” (Black), “I” (American Indian), “A” (Asian), “H” (Hispanic) or “O” (Other). The above race codes are the only acceptable codes.
- k. **Sex** – Enter “F” (Female) or “M” (Male) **as indicated on the license.**
- l. **Height** – Enter the violator’s height as shown on the driver’s license.
Example: 5’10” or 5-10.
- m. **Driver License Number** – Enter the 13 digit driver license number as it appears on the license using the blocks provided. The Florida driver license will have one alpha character, which is always the first letter of the driver’s last name, followed by twelve numeric characters.

Example: white/blue.
- t. **If Placarded Hazardous Material** – “X” the box if operating a commercial motor vehicle placarded to haul hazardous materials.

w. **Location** – Enter the road number where violation occurred. If not an interstate, federal or state road, then list the name of the street. If not named, then enter “county road” or “street unidentified”. Give the distance from the nearest town.

x. **Offense** – Place an “X” in the box to the left of the appropriate violation.
IMPORTANT: “X” only one box. Violations not listed must be printed in the space provided.

- (1) **If more than one charge is made against the same violator, each must be on separate citations. DHSMV must have a citation number for each violation and each disposition.**
- (2) If unlawful speed is “X’d”, both the posted speed or applicable speed and the violator’s vehicle speed must be entered.
- (3) Below unlawful speed entries there are boxes labeled “Interstate, 4-Lane Hwy. with 20 ft. median outside business or residential district”, place an “X” in either box, when applicable. This is important for insurance implications, as provided in Florida Statute 626.9701.
- (4) If cited for “Speed Too Fast for Conditions”. Enter the existing conditions, such as: rain, fog, heavy traffic, children in the street, etc.
- (5) It is important to properly record the respective speeds, since the assessment of points against an individual’s driver history record in DHSMV. is dependent upon the speed listed by the officer on the citation.
- (6) When an airplane, radar, laser, etc., is used in making an arrest, the appropriate charge is to be indicated as explained above. In addition, the word “aircraft”, “radar”, “visual”, etc., should be placed in parentheses in the section reserved for “other Violations or Comments pertaining to offense”.

SECTION: 6	SUBJECT: REPORT OF DISPOSITION PROCEDURES	PAGE: 1 OF 2
----------------------	--	------------------------

1. GENERAL INFORMATION

- a. Florida Statute 43.41 and 318.14(7)(a) require the Clerk of Court to report the final disposition of each offense written on a uniform traffic citation to D.H.S.M.V. within 10 days after final judicial disposition.
All dispositions returned to the county requiring a correction shall be resubmitted to the department within 10 days after the notification of the error.
- b. Traffic Citation Accounting Transmission System (TCATS). Florida Statute 318.18 (8)(a) requires citation data to be electronically transmitted through the Florida Association of Court Clerks (FACC). This is accomplished with the contract between F.A.C.C. and D.H.S.M.V. Data will be transmitted from F.A.C.C. to D.H.S.M.V. for processing.
- c. D.H.S.M.V. uses the information from the report of disposition, as follows:
 1. Updating the driver history record.
 2. Departmental action, such as suspension or revocation of the individual's driving privilege.
 3. Accountability and statistical purposes.
- d. Dispositions that carry a verdict of guilty (including those fines listed as paid at Traffic Violations Bureaus and bond estreatures) or those with adjudication withheld by the judge when charged with Driving Under the Influence or Driving While License Suspended/Revoked/Cancelled/Disqualified, are used toward Departmental action against the driving privilege.
- e. When D.H.S.M.V. furnishes a driver record, it will only reflect information on convictions, adjudications withheld, bond estreatures, and adjudged delinquent. The record will not show arrest information or the verdicts "not guilty", "nolle prosequi", "dismissed".
- f. When a case is transferred to another court, the disposition copy goes with the transfer.
- g. When the defendant fails to appear and a warrant has been filed or fails to pay or comply with a traffic violation and a suspension (D6) has been transmitted, hold the disposition copy until all reasonable hope of bringing the defendant to trial has been abandoned or until 7 years after submission of the D6 to DHSMV at which time the case shall be considered disposed of. Make sure the D-6 suspension has purged from the driver record due to 7 year retention before transmitting disposition copy through TCATS. **To complete the process**, the court will have to submit verdict B "other" when transmitting.

STATE OF FLORIDA
Department of Highway Safety and Motor Vehicles

SECTION: 6	SUBJECT: REPORT OF DISPOSITION PROCEDURES	PAGE: 2 OF 2
----------------------	--	------------------------

- h. Criminal cases that have been suspended (D-6) will not purge at D.H.S.M.V until reinstated. If a judge orders cases nolle prosequi, dismissed, or not guilty, clearances for open D6 suspensions must also be transmitted along with the dispositions.
 - i. Once the court receives the citation, it **MUST** show “dismissed”, “other” or “nolle prosequi”. **CAN NOT BE VOIDED.**
2. **COURT ORDER REPORT OF DISPOSITION (HSMV 75827) IN PLACE OF ABSTRACT**
- a. Use this form **only** to report dispositions to D.H.S.M.V. when a Uniform Traffic Citation pursuant to F.S. 316.650 was not issued. **DO NOT report dispositions for violations of chapters 316, 320, and 322 on this form. These require that a UTC be written.**

(See Appendix “E” page 20)

1. Print legibly.
2. Affix Clerk of Court’s seal.
3. Convictions reported where court is directing the suspension/revocation of the violator’s driver license must state the length of time recommended.
4. This form should not be used as a D-6 Suspension, or for worthless check suspensions, or for failed to pay financial obligation suspensions in criminal cases.

----------------------	---	------------------------

1. CITATION DATA

- a. Once citation data is received from a law enforcement agency either by a paper citation or by an electronic transmission of the data, a citation record is created by the clerk of court's office. Citation information should be transmitted to the Florida Association of Court Clerks (FACC) as identified in the TCATS Interface Control Document (ICD). The FACC help desk phone number is 850-414-2210.
- b. This accounts for the citation written prior to payment or disposition. Dispositions cannot be transmitted until after the citation has successfully updated.
- c. Specific data fields are passed to DHSMV from FACC. See arrest records extracted for DHSMV section of the ICD.
- d. If problems arise from this transmission, the FACC help desk should be contacted.
- e. All cases where a citation was written should be transmitted. This includes criminal felonies and juvenile cases.
- f. Data passed to DHSMV is spooled to a tape and processed daily to update the citation inventory file.
 - (1) Edit checks are done at the beginning of this process. Errors are transmitted back to FACC to forward electronically to the counties.
 - (2) Good data is updated to the inventory file.

2. CITATION ERROR EDITS (DHSMV EDITS)

- a. CHECK DIGITS MAYBE IN ERROR –
 - (1) The check digit was not entered when required.
 - (2) The check digit and the ticket number do not match. In this case it could be either the check digit that needs to be corrected or the ticket number that needs to be corrected. TICKET NUMBER MAY BE IN ERROR will also show as an error.
 - (3) Something other than 1, 2, 3, 4, 5, 6, 7, 8, 9, or X was entered.

 - (1) Ticket number either contains invalid characters or is not a ticket number that exists in our system. The two most common errors are to put 0 (the number) when it should be O (the letter) or vice versa and to put 8 when it should be B.
 - (2) The check digit and the ticket number do not match. In this case it could be either the check digit that needs to be corrected or the ticket number that needs to be corrected. **CHECK DIGIT MAY BE IN ERROR** will also show as an error.

- c. **AGENCY CODE MAY BE IN ERROR –** Agency code has been left blank or something other than 1, 2, 3, or 4 was entered.

- d. **ARREST DATE MAY BE IN ERROR –**
 - (1) Invalid characters appear in the date.

 - (3) The date is in the future.

- e. **VIOLATION CODE MAY BE IN ERROR –** Not an existing violation code (is not in DHSMV violation code table).

- f. **COUNTY CODE MAY BE IN ERROR –**
 - (1) Something other than 01 through 67 was entered which would not be a valid county code.
 - (2) County code and city code do not match, the city code does not exist in that county. It will have to be determined which is in error, the county code or the city code. **CITY CODE MAY BE IN ERROR** will also show as an error.

- g. **CITY CODE MAY BE IN ERROR –**
 - (1) Left blank or something other than two numeric characters was entered.

1. DISPOSITION DATA

- a. Once a citation has been paid or disposed, the final disposition should be transmitted to FACC as identified in the TCATS Interface Control Document (ICD).
- b. This information is edited at FACC and errors transmitted back to the clerk's office. Dispositions which pass the edits are then transmitted to DHSMV. See section for "UTC's from counties extracted for DHSMV" in the ICD.
- c. This data is spooled to tapes at DHSMV and processed daily to update the disposition inventory file.
 - (1) Edit checks are done at the beginning of this process. Errors are transmitted back to FACC to forward electronically to the counties.
 - (2) Good data is updated to the citation inventory file. The driver license records are updated on Monday, Wednesday & Friday.
 - (3) A computer generated citation is created for out-of-state drivers and mailed to the other states weekly.

2. DISPOSITION ERROR EDITS- FACC is editing the majority of these errors at the time. They receive the data and return errors at that point. Other items are not edited until they reach D.H.S.M.V.

a. DRIVER LICENSE IN ERROR

- (1) The Driver License Number is not found as an existing number on DHSMV's database.
- (2) The Driver License Number contains invalid characters (for example one of the first three numeric characters is greater than 6).
- (3) The Driver License Number is a duplicate – only 12 digits were sent and there is more than one person that has those 12 digits for a Driver License Number, therefore, the 13th digit tie breaker is required.
- (4) No Driver License Number was sent and when the system calculated that number, it was a duplicate (more than one record has those 12 calculated digits), therefore the 13th digit tiebreaker is required. Do a Record Search and send with the Driver License Number including the 13th digit.
- (5) No Driver License Number was sent and the state in the address was not FL. The DL state is required when the Driver License Number is left blank.
- (6) Something other than a valid Florida DL Number, OOS, NDL, or left blank was entered.

SECTION: 9	SUBJECT: SUPPLEMENTAL REPORT OF DISPOSITION	PAGE: 1 OF 3
----------------------	--	------------------------

1. DEFINITION

A supplemental disposition will be defined as a record in the disposition file which is sent by a county to TCATS central site with the value "S" in the supplemental code (ICD field 31). This supplemental code is then included in the UTC disposition file sent from TCATS central site to DHSMV.

Typically, this is used to correct or update the data after an original disposition for this citation has been sent by the county to TCATS central site, has successfully loaded at central site, has been forwarded to DHSMV in the UTC disposition file, and has been successfully loaded into DHSMV's database. If a disposition has been successfully loaded at central site, but not loaded into DHSMV's database, the disposition must be resent as a "supplemental" disposition. However, DHSMV will process a supplemental disposition even if no first-time disposition has been received. (Their processing will reject the 'original' disposition if it is received after the supplemental one, so care should be taken to send the most up-to-date information in the supplemental disposition).

Several supplemental dispositions may be sent for the same citation, if it is required to correct the data several times; however, these should only be sent on separate dates (multiple supplementals in the same input file or supplementals sent too close together will lead to unpredictable results). Do not send the same supplemental a second time. Supplementals take 3 to 4 weeks to update (Allow 1 week in-between transmissions).

If an original disposition for a citation has been successfully loaded into DHSMV's database, then any further dispositions for this same citation must be sent as supplementals, with value "S" in the supplemental code field. A second "original" disposition will not be updated in TCATS and sent to DHSMV.

It will error at central site.

2. DATA

(a) Disposition data in UTC file (sent to DHSMV)

A supplemental disposition will be identified by the value "S" in the supplemental Code (field 31 in the ICD for the disposition file).

Additionally, the disposition type (field 5) must have a value of 0002 or higher (value 0001 is reserved for the original disposition).

A supplemental disposition must be sent if any of the following data sent in the original disposition has been changed:

- | | ICD Field: |
|-----------------------|------------|
| - Disposition date | (field 6) |
| - Violation code | (field 22) |
| - Disposition verdict | (field 29) |
| - Court sentence | (field 30) |
| - Disposition county | (field 23) |

STATE OF FLORIDA

Department of Highway Safety and Motor Vehicles

SECTION: 9	SUBJECT: SUPPLEMENTAL REPORT OF DISPOSITION	PAGE: 2 OF 3
----------------------	--	------------------------

- Court type (field 25)
- Department/Court code (field 26)
- Court time (field 27)
- Court revocation/suspension (field 34)
- Length of license revocation (field 35)
- Reexam (field 33)

The remaining disposition fields sent to DHSMV may be amended using a supplemental disposition if desired:

- Disposition amount (field 7)
- Actual fine (field 19)
- SSN (field 21)
- Disposition city (field 24)
- Represented by counsel (field 28)
- Type of trial (field 32)

If a disposition has been sent with an incorrect citation number, then this requires the sending of a disposition Add with the new citation number (and of course the new citation needs to be sent as an Add in the citation file). A supplemental request to FACC to remove the incorrect citation number from their file should also be made. Do not send a delete as a delete is only allowed when there is an error message from DHSMV. The supplemental process is not used to change the citation number. Moreover, DHSMV must be notified to remove the incorrect citation number from their records in this situation.

(b) Citation data in UTC disposition file (sent to DHSMV)

Several fields in the UTC disposition file sent to DHSMV by TCATS are taken from the **citation** file sent by the county (not the disposition file). In order to trigger a new supplemental disposition for DHSMV for this situation, the county should send to TCATS central site an update to the citation record, and a “dummy” supplemental disposition Add (all the information in the actual disposition record would be the same as in the original disposition, except for the value “S” in the supplemental flag and 0002 in the disposition type). Or send a new citation record along with the supplemental disposition. It is preferable to always send a new citation record whenever you send a disposition record including supplemental dispositions.

Changes to the following fields in the **citation record** require the sending of a supplemental disposition to DHSMV:

- Date of offense (field 11)
- Accident flag (fields 80, 81)
- Hazardous materials flag (field 37)
- Commercial vehicle flag (field 32)

STATE OF FLORIDA
Department of Highway Safety and Motor Vehicles

SECTION: 9	SUBJECT: SUPPLEMENTAL REPORT OF DISPOSITION	PAGE: 3 OF 3
----------------------	--	------------------------

- Actual speed (field 51)
- Posted speed (field 52)
- Blood alcohol level (field 62)
- License received flag (field 113)

The following field may be amended using a supplemental disposition if desired:

- License type (field 30)

Changes to fields, which would affect the identity of the violator cannot be sent as a supplemental disposition if the violator has a FL driver's license; these changes need to be handled manually at DHSMV, and therefore need to be communicated by phone or paper. These fields are:

- Driver license number (field 28 in citation file)

The above fields can, however, be changed in a supplemental disposition for violators with out-of-state licenses, as well as:

- OOS license number (field 28)
- Driver license state (field 29)

An example of the need for a supplemental is: If the original UTC disposition sent to DHSMV had identified that an accident occurred (accident code = 1), then it is possible to correct this field using the supplemental process.

3. Load process

Supplemental dispositions will be in the input disposition file from the county. They do not need to be in a separate file. The data elements will be validated using the same logic as a first-time disposition (e.g. presence of mandatory fields). Supplemental dispositions should always be sent as "Add" type records, since only new records will be sent to DHSMV; the only purpose of an "Update" disposition record would be to update the TCATS central site database.

SECTION: 10	SUBJECT: COURT NOTIFICATION OF FAILURE TO COMPLY (D6 SUSPENSION)	PAGE: 1 OF 3
-----------------------	---	------------------------

1. LICENSE SUSPENSION

- a. When a person issued a Uniform Traffic Citation fails to pay their traffic fine, fails to appear in court, fails to attend a court ordered school or has taken an illegal election under 318.14, a notice to suspend the person's license should be transmitted through TCATS.
- b. Data is transmitted to DHSMV and spooled to tapes that are processed to the driver record three times a week.
- c. Orders are post dated 20 days from the mail date.
- d. The court can suspend the person's license for one or more reasons on the same citation. However, to reissue a suspension for a reason that has already been suspended, the prior suspension must be reinstated before transmitting the new suspension. Example: Records show ticket 1234AAA suspended for failure to pay. The person failed to make a payment. The person comes in to pay once they receive the suspension notice but the check bounces. The court wants to re-suspend. The first suspension must be fully reinstated with a reinstatement date appearing. Then transmit the new suspension for failure to pay. This must be sent with "re-issue flag" (field 22 in the ICD for D6).

2. D6 Error Edits

D6 suspension data is processed through edit checks at DHSMV for the following reasons.

3. **REINSTATEMENT OF D6 SUSPENSION THROUGH TCATS**

- a. When a person has satisfied the requirements for an infraction, a clearance or a reinstatement can be transmitted through TCATS.
 - (1) Clearance – Citation paid after date of suspension. Court has not collected reinstatement fee of up to \$47.50. A code of “34” (field 15 in the ICD for D6) is transmitted through TCATS to indicate “Court Requirements Met” Restore date should be “zero”.
 - (2) Reinstatement – Court has collected the reinstatement fee of up to \$47.50 or person has satisfied the court requirement prior to the suspension date. Restore date should be transmitted (field 10 in the ICD for D6).

NOTE: Because D6 reinstatements are only processed 3 times a week, we encourage courts to collect all required fees and reinstate the person online through DRC1. (See Section 11). In the event your court does not reinstate through DRC1, we encourage you to give the person a clearance. Processing through TCATS will delay the reinstatement of the person’s driving privilege.

- a. When a suspension notice or a reinstatement notice is transmitted to DHSMV through TCATS, a computer generated form is produced and mailed to other state.
- b. Suspensions for out-of-state violators should be transmitted to DHSMV timely. Other states are not required to process suspension if the offense date is over six months old.

5. **OUT OF COUNTRY**

The state of Florida only has an agreement with Canada to mail dispositions and D6 suspension notices. If other countries are transmitted to DHSMV they are just dropped. No data is retained.

If SELECTION “6” is chosen, the program will re-open every court clearance (reinstatement) completed by your county during the day for the input DL number. This opens reinstatements, not on file code for court requirements met.

If the court clearance was re-opened successfully, a success message will be displayed on the COURT MENU screen.

If the court suspension re-open was not updated successfully, an error message will be displayed. Correct information and retry.

CAUTION: When you enter “Y” for “reinstatement fees collected”, you are reinstating all suspensions including those from other counties. Therefore if you perform a “re-open” you will reopen the suspensions for all counties.

The on file code Court Requirement Met” will not reappear for the other counties. For any that need to go back to “Court Requirement Met” you will need to go back and add those “Court Requirement Met” messages back on by doing a clearance with no reinstatement fee collected.

SECTION: 14	SUBJECT: COURT DIRECTED SUSPENSION FOR FAILURE TO PAY FINANCIAL RESPONSIBILITY ON CRIMINAL CASES	PAGE: 1 OF 3
-----------------------	--	------------------------

1. Definition (322.245 (5)(a) F.S.)
 - a. Failure to pay any financial obligation in any criminal case other than those specified in chapter 316, chapter 320, or chapter 322.
2. Court directed Suspension (322.245(5)(a) F.S.)
 - a. When DHSMV receives notice from the Clerk of the Court that a person licensed to operate a motor vehicle in this state under the provisions of this chapter has failed to pay financial obligations for any criminal offense other than those stated in 322.245(1), in full or in part under a pay plan pursuant to s. 28.246(4), the department shall suspend the license of the person named in the notice.

NOTE: No suspension shall be processed on out-of-state or out-of-country drivers.

3. Reinstatement (322.245(5)(b) F.S.)
 - a. The department must reinstate the driving privilege when the Clerk of Court provides an affidavit to the department that states that the person has satisfied the financial obligation in full or made all payments currently due under a payment plan; the person has entered into a written agreement for payment of the financial obligation; or a court has entered an order granting relief to the person ordering the reinstatement of the license.
 - b. A fee of \$60 must be paid to a driver license office in order to reinstate their driving privileges.
4. Suspension & Reinstatement
 - a. Electronic Submission is the preferred method of delivery to the Department. Effective August 1, 2011 the Department will require Criminal Financial Obligations to be submitted electronically. A copy of the file format can be found at:
www.flhsmv.gov/courts
 - b. Until August 1, 2011 paper submissions can be mailed to:
Bureau of Motorist Compliance
2900 Apalachee Parkway, Room B260
Tallahassee, Florida 32399
(See recommended form on page 2 of this section)
 - c. Reinstatement affidavit (See recommended form on page 3 of this section) should be given to the person. The Court may electronically clear suspensions via the Criminal Financial Obligation Electronic process. However, this method does not clear the record immediately. It is suggested the court directs the person to a driver license office for reinstatement.
 - d. If a suspension notice is sent in error please contact Court Assist at 850-617-2589 or send an E-mail to CourtAssist@flhsmv.gov. The suspension will be deleted and the department will notify the person who was suspended in error.

IMPORTANT INSTRUCTIONS REGARDING A NON-CRIMINAL TRAFFIC INFRACTION NOT REQUIRING A COURT APPEARANCE

If you were charged with a civil infraction, you must complete one of the following options **within 30 calendar days** of the date of this citation. If you fail to comply **within 30 calendar days**, your driving privilege will be suspended until you comply. You will then be subject to additional penalties. Please see the front of the citation for the contact information for the Clerk of Court in the county where this violation occurred.

Option 1: You may pay the civil penalty listed on the front of this citation to the Clerk of Court. You must enclose this citation if you mail payment, which may be a money order or a cashier's check. The clerk _____ does _____ does not accept personal checks. Payment of the civil penalty is considered a conviction and points will be assessed, if applicable. Proof of compliance in the form of driver license or registration certificate, whichever is applicable, is required in addition to payment if you were cited for driver license expired less than six months, expired tag less than six months, failure to display a valid driver license, and failure to display a valid registration. You **will** be required to complete a driver improvement course if you are convicted of running a red light or passing a school bus. Your driving privilege will be suspended if you are convicted of not providing proof of insurance. Accumulation of points may increase the cost of your insurance.

Option 2: If you were cited for expired driver license, failure to display a valid driver license, expired tag, failure to possess a valid registration, or no proof of insurance, you may show proof to the Clerk of Court that you had a valid driver license, tag/registration, or insurance, whichever is applicable, at the time of the offense. The charge will be dismissed upon payment of a dismissal fee.

Option 3: If you were cited for driver license expired 6 months or less, expired tag 6 months or less, failure to display a valid driver license, failure to possess a valid registration, no proof of insurance, or driving while license suspended [see s. 322.34(10)(a), F.S.], you may elect to show proof of compliance to the Clerk of Court in the form of a valid driver license, registration, or proof of insurance, whichever is applicable. You may make only one such election per year and no more than three such elections in your lifetime. You must pay court costs and adjudication will be withheld.

Option 4: If you **do not** hold a commercial driver license, you may be eligible to elect to complete a Florida driver improvement course. You must contact the Clerk of Court to make this election. You may make only one such election per year and no more than five elections in your lifetime. Please visit www.flhsmv.gov for a list of approved courses and to determine your eligibility for this election. Adjudication will be withheld and points will not be assessed. You must pay a civil penalty and court costs. This option is not available for certain traffic offenses, including driver license, tag, and registration violations. Completion of a driver improvement course is required if you are cited for running a red light/traffic control device, even if you do not make this election.

Option 5: You may elect a court hearing by contacting the Clerk of Court. If you request a hearing and the County Judge/Magistrate/Hearing Officer determines that you have committed the offense, the County Judge/Magistrate/Hearing Officer may impose a penalty of up to \$500 (or \$1,000 if a fatality occurred) and/or require completion of a driver improvement course. Points may be assessed. If it is determined that no infraction has been committed, no cost or penalties shall be imposed.

Option 6: If you were cited with a non-criminal violation of operating a motor vehicle in an unsafe condition (s. 316.610 F.S.) or not properly equipped (s. 316.610, F.S. or s. 316.2935, F.S.), you may have the defect corrected, then contact your local county or city law enforcement agency to have the correction certified below. You must pay the local law enforcement agency \$ _____ for this service. You may then mail or present this affidavit of compliance along with \$ _____ to the Clerk of Court within 30 calendar days of the date of this citation. No points will be assessed. This option does not apply to a commercial motor vehicle or a transit bus owned by a governmental entity.

Section 316.1923, F.S. Aggressive Careless Driver

DHSMV's interpretation of this statute is that an officer **is not** required to write two citations to check the aggressive driver box. If the driver commits two or more violations as listed in the aggressive careless driver definition we recommend that the box be checked regardless of the number of citations issued. The officer should provide an explanation as to why the box was checked on the comments line of the citation.

As a reminder, you cannot cite a driver for aggressive careless driving. However, you should check the box to indicate that the driver committed aggressive careless violations.

Do NOT use the citation numbers of this booklet for tickets generated by portable electronic systems. Contact DHSMV, Bureau of Records to obtain valid electronic citation numbers.

Computer Generated Citations or E-Citations

The Department of Highway Safety and Motor Vehicles is authorized under F.S. 316.650 (c) to ensure that all uniform traffic citations produced by electronic means must be consistent with the state traffic court rules and the procedures established by the department; must be appropriately numbered and inventoried; and may have fewer copies than the quintuplicate form. The Department of Highway Safety and Motor Vehicles, Law Enforcement Agencies and the clerk of courts are jointly responsible to account for all uniform traffic citations in accordance with the rules and procedures promulgated by the department.

Accordingly, all private sector vendors who desire to sell systems that produce Uniform Traffic Citations by mobile electronic means must be pre-approved and certified by this department prior to use by a State law enforcement agency. Vendors requesting approval or law enforcement agencies requesting information should contact our Field Operations Supervisor, Amy Crowson at 850-617-2589 or amycrowson@flhsmv.gov

Procedures for E-Ticket Approval

1. Vendor submits PDF file of proposed ticket.
2. Once all corrections are made, vendor will mail a replica of the printed citation (1-violator copy and 1-court copy) to DHSMV.
3. If no corrections are required, DHSMV will mail memo of approval to vendor.
4. If vendor refuses to make corrections when requested we will withdraw this approval.

Law enforcement agencies who desire to begin using mobile electronic systems that have been approved by the department must understand that citation numbers appearing on standard UTC or UTC DUI printed citations CAN NOT be used in mobile electronic systems. Computer generated citations are required to have a special series of citation numbers. The Department of Highway Safety and Motor Vehicles will provide citation numbers for computer generated citations upon receipt of an email from a Law Enforcement Agency stating the following:

1. Agency Name
2. Contact Name
3. Email Address
4. Telephone Number
5. Number of Citation numbers you are requesting
6. Identify third party vendor
7. Date requesting agency plans to start using e-citations.

If you have any questions please call Amy Crowson or Bonnie Scott-Walls at (850) 617-2589.
