PRIDE will ship the redesigned **Tampa Bay Lightning** specialty license plate with its October end of month shipments. Please remove the old design from your inventory and begin issuing this new plate when you receive it.

Each county must mark the appropriate range(s) obsolete, which will automatically transfer the range(s) to Bin 67 for obsolete inventory. Additionally, please physically remove obsolete license plates from your inventory for PRIDE to pick up when they make future deliveries.

We appreciate your cooperation. If you have any questions or need additional information, please contact the Inventory Control Section at (850) 617-2809.
