

## INFORMATION NOTICE

### DIVISION OF MOTORIST SERVICES

<b>DATE:</b> 2/27/2014	<b>Information Notice (INFO)</b> <b>RS/TL14-009</b>
<b>SUBJECT: Print On Demand and Preprinted Temporary Motorcycle Tags</b>	

#### **Overview:**

The Department has exhausted the current five character range (0000A-9999Z) it uses for print on demand temporary motorcycle tags; however, about 60,000 preprinted temporary license tags are available at various tax collector offices throughout the state and can be issued.

#### **Details:**

The Department is working on FRVIS programming to add additional configurations for issuing print on demand tags. We hope to have this resolved soon. Until then, the Department authorizes tax collector offices to issue preprinted temporary tags to dealers and other customers.

If you need preprinted temporary motorcycle tags, please contact a neighboring county or Inventory Control for assistance with locating and transferring available inventory.

The Department will update you as additional information is available.

#### **Conclusion:**

If you have questions or need additional information, please contact the Inventory Control Section at (850) 617-2807 or (850) 617-2809.
