

DATE: 06/13/24	Technical Advisory (TA) RSTL 24-013
SUBJECT: Update to FRVIS for NMVTIS Changes	

Overview:

The American Association of Motor Vehicle Administrators (AAMVA) has recently updated the National Motor Vehicle Title Information System (NMVTIS), transitioning from the old AMIE legacy version to a new web-based version.

Details:

On June 17, 2024, the NMVTIS response screen will be updated to include a 'NONE' option. When vehicles are returned in the NMVTIS response, you should review their information to determine if they match the vehicle being presented. If you determine that none of the vehicles are a match, select 'NONE'.

Only select a vehicle from the NMVTIS response if the information matches the vehicle being presented. This change will help reduce errors in updating the incorrect vehicle.

Conclusion:

If you need additional information, please contact your next level of management or the Field Support Center.
