

January 14, 2014

TO: All Fire and Property and Casualty Companies
Authorized to Issue Motor Vehicle Policies in Florida

FROM: Julie W. Gentry, Chief *JWG*
Bureau of Motorist Compliance

SUBJECT: Florida Financial Responsibility Verification Files

As previously communicated, effective December 15, 2013, you will potentially receive a 'C' verification file once a day in addition to the 'C' verification file you receive on Monday (on Monday you may receive two).

The daily verification file name will be:
SR21_Verifications_(Date/TimeStamp).pgp. This file will be in flat format until total XML conversion.

Until switched entirely to XML, you will still receive your large Monday C file in the old format: DHS.DDL.FTP.DMIXXXXC(Date/TimeStamp).PGP

These files will be sent in flat format to all companies until total XML conversion. Eventually, our goal as we deploy more cases is to eliminate the large Monday 'C' verification file and send regular verifications daily. As a reminder, the law allows 20 days for a response.

When the transaction 12 verifications are sent for the new daily verifications in your daily file, they will be split and worked separately through the new system, the same as the transaction 10s. Like the transaction 10s, for these new verifications, you will receive only the errors back in your output file.

It is important that you review our website to seek clarification for any questions that you may have before contacting us. We feel confident that the majority, if not all of your questions, can be answered at <http://www.flhsmv.gov/FRManualFTP/>. This information will be updated to the website.

Please direct all redesign questions to FRRedesign@flhsmv.gov. Please be sure to include your username/account name (01234FTP) in the email subject line specifically so that we can identify your company account and process accordingly.
