

February 24, 2014

TO: All Fire and Property and Casualty Companies
Authorized to Issue Motor Vehicle Policies in Florida

FROM: Julie W. Gentry, Chief 
Bureau of Motorist Compliance

SUBJECT: Florida FR Redesign XML Conversion Update

On September 18, 2013, you were advised that our tentative deadline to convert to electronic XML reporting was July 1, 2014. In an effort to keep you informed of our progress on the very complex project, please let this letter serve as notice that the deadline has been extended due to current programming estimates.

Although the date is not yet determined, upon rescheduling a date, we will provide a full three month advanced notice for insurance companies to program, test and implement XML reporting. At that time, we will provide all information including updated manuals, examples and schemas as applicable.

It is important that you review our website to seek clarification for any questions that you may have before contacting us. We feel confident that the majority, if not all of your questions, can be answered at <http://www.flhsmv.gov/FRManualFTP/>. This information will be updated to the website.

Please direct all redesign questions to FRRedesign@flhsmv.gov. Please be sure to include your username/account name (01234FTP) in the email subject line specifically so that we can identify your company account and process accordingly.

Thank you for your patience.
